

libc/include/stddef.h

```
graph BT; A["kernel/include/arch/x86/i386/mmu/physicalmemorymanager.h"] --> D["libc/include/stddef.h"]; B["kernel/include/drivers/vga.h"] --> D; C["kernel/include/kernel/tty/tty.h"] --> D; E["libc/include/string.h"] --> D;
```

The diagram illustrates a set of four source files at the bottom, each with a blue arrow pointing upwards to a single header file, 'libc/include/stddef.h', located at the top. The header file is highlighted with a grey background, while the source files have white backgrounds. The source files are arranged horizontally and contain the following paths: 'kernel/include/arch/x86/i386/mmu/physicalmemorymanager.h', 'kernel/include/drivers/vga.h', 'kernel/include/kernel/tty/tty.h', and 'libc/include/string.h'.

kernel/include/arch
/x86/i386/mmu/physicalmemorymanager.h

kernel/include/drivers
/vga.h

kernel/include/kernel
/tty/tty.h

libc/include/string.h
